PROFESSIONAL SUMMARY

Enthusiastic and personable individual with experience in a wide range of programming languages, and certifications from TestDome, Microsoft, FreeCodeCamp and The Open University. Curious to learn and work efficiently to ensure the best outcome in every scenario. Seeking a placement in Software Engineering to gain industry experience and further develop my programming and technical skills.

WORK HISTORY

Customer Advisor 09/2021 to present

Boots

- Provided exceptional customer service
- Completed additional training to gain further responsibilities to provide support and advice to the public regarding healthcare and medicines

Work Experience – Software Engineer 08/24

Imagine Communications

- Worked with support team to understand client queries and best troubleshooting practise
