07711759559 SAIDILIP7595@GMAIL.COM LONDON/ NOTTINGHAM LINKEDIN.COM/IN/SAI-DILIP

EDUCATION AND QUALIFICATIONS

UNIVERSITY OF NOTTINGHAM, BSC COMPUTER SCIENCE (WITH ARTIFICIAL INTELLIGENCE) *SEPTEMBER 2023 – JUNE 2026*

- Predicted grade: 1st

ROYAL RUSSELL SCHOOL, LONDON *SEPTEMBER 2015 – JUNE 2022*

- **A levels:** Computer Science (B), Physics (C), Maths (C)
- **GCSEs: 9888888876**, including Maths (8) & English (8,8)

EXPERIENCE

CAPGEMINI, VIRTUAL WORK EXPERIENCE *AUGUST 2022*

- Engaged in an in-depth virtual program centered around AI-driven innovation and its impact on modern business solutions. Developed proficiency in **machine learning**, **data analytics**, and **automation technologies**

Key responsibilities included:

- Participating in workshops on **AI ethics**, **digital transformation**, and emerging technologies to better understand the future of AI in various industries.
- Collaborating in virtual teams to present findings and recommendations to upper management, honing my **presentation** and **communication skills**.

ADHI SOFTWARE, VIRTUAL WORK EXPERIENCE *JULY 2023*

- Worked on an AI project aimed at tracking and predicting runner movements through video analysis. Leveraged **machine learning algorithms** to model and track each joint of the runner's body.

Key responsibilities included:

- Designing and **implementing AI models** for motion tracking and joint detection.
- Refining **predictive analytics** for enhanced runner performance insights.

ROYAL AIR FORCE (RAF) EXPERIENCE *SEPTEMBER 2017 – JUNE 2022*

- Successfully navigated challenges during my 5-year RAF service, including piloting aircrafts and attaining the rank of **Lance Corporal**. Stationed at various RAF bases across the UK

Key responsibilities included:

- **Leadership & Discipline**: Led weekly parades and enforced discipline, including rifle maintenance and operational readiness.
- **Training & Instruction**: Delivered educational presentations and live demonstrations, using both practical and theoretical methods to effectively train peers
